

Andrew Kasab Technical Specifications & Stage Plot

Andrew Kasab uses 2 acoustic instruments:

Timberline Harp Guitar

Martin OM-28

Artist also has a Direct Box (DI), vocal mic (if none provided) and will need 120 volt, 15 amp grounded circuit of AC power downstage center or within 25' of performance space.

Inputs needed:

- 1) XLR line for artist DI
- 2) Vocal microphone on a boom stand.

Monitors:

All inputs at a reasonable level without feedback. Some sort of EQ is always nice.

If you have any questions – PLEASE ASK!
